### 3.3 RELEVANT INFORMATION. REGISTRATION DATA.

File(s) containing the relevant information communication made by issuers and received by the CNMV during the day in which the file was created.

The data will be available in zipped format with the name BME\_CNMV\_HR\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS.zip, where:

- PS\_ID is the ID of the corporate action,
- NIF is the Tax ID of the company,
- YYYYMMDD is the reference date of the data and
- HHMMSS is the reference time of the data.

Once unzipped, the user will find an XML file whose contents are defined in the annexes 1 and 2 of this document.

The PS\_ID allows associating each register included in the file PRICESENSITIVE\_ANNOUNCEMENT\_YYYYMMDD.CSV with its corresponding file of the corporate action.

There is one zipped file for each new corporate action receives in T for example BME\_CNMV\_HR\_00130721\_A-28027274\_20100924\_134501.zip contains a XML file with the information, for example: BME\_CNMV\_HR\_00130721\_A-28027274\_20100924\_134501.xml.

The associated pdf files are included as attachments: BME\_CNMV\_HR\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS\_attach\_XX.pdf

### 3.4 INTERIM FINANCIAL INFORMATION.

File containing all the quarterly and/or semester reports remitted to the CNMV by the companies that have securities admitted to trading in the Regulated Markets at the reference date.

The reports provided in this file are XBRL format files provided by the issuers in accordance with the IPP taxonomy and sent to the CNMV in such format.

The daily file with interim financial information is zipped with the name BME\_CNMV\_IFI\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS.zip where:

- PS\_ID is the ID of the corporate action,
- NIF is the tax ID of the company,
- YYYYMMDD is the reference date of the data and

- HHMMSS is the reference time of the data.

Once unzipped, the client has as many XBRL files as reports and their corresponding PDF format files.

The PS\_ID allows associating each register included in the PRICESENSITIVE\_ANNOUNCEMENT\_YYYYMMDD.CSV with the corresponding file of the corporate action.

A zipped file for each interim financial information received in D for example: BME\_CNMV\_IFI\_2010123384\_A-28004240\_20100927\_154101.zip with a XBRL file with the report in electronic format. In addition, a file is included in the report in PDF format together with a file for each of the attached files embedded in the XBRL file:

For example: IFI2010123384(A).XBRL, IFI2010123384CA.pdf, IFI2010123384IG.pdf, IFI2010123384IN.pdf

Being for pdf:

- IN = PDF Template with the Report Received
- IC = Complementary Information
- DI = Interim Declaration
- IF = Quarterly Financial Report
- NE = Explanatory Notes
- IG = Management Report
- IA = Auditor's Report
- CA = Summarized Annual Accounts

For xbrl:

- The initial number is the Report's CNMV entry registration number
- A=Registration
- M=Modification

- The XBRL files are adapted to the IPP taxonomy.

The Interim Financial Information ZIP file contains the different files associated to a report: in addition to the XBRL report and its PDF version, the files included in the report can be presented in any other format (doc, docx, xls,xlsx, pdf, ppt, xbrl, zip, txt...), and it is included to which part of the report they belong to.

IFINNNNNNNNNXX.ext being

- “NNNNNNNNNN” the CNMV entry registration number (included in the name of the original ZIP file).
- “XX” these two characters identify the type of information included in the file, associated to the corresponding tag of the XBRL
- “ext” is the extension of the file, which is also indicated in the XBRL.

### 3.5 AUDITS.

File(s) containing the register data of the audits of issuers that have been received in the day by the CNMV.

The data is available in a zipped format with the name BME\_CNMV\_AUYYYYMMDD.ZIP where:

- YYYYMMDD is the reference date of the data.

Once unzipped, an XML file is available with the contents described in Annex 1 and 2 of this document.

A daily zipped file referred to the audits in T-1: for example: BME\_CNMV\_AU20100322.zip which contains a XML file with the information, for example: BME\_CNMV\_AU20100322.xml

### 3.6 VOTING RIGHTS AND FINANCIAL INSTRUMENTS.

File containing the following information: final position at the date the file is generated of all the listed companies with regard to its treasury stock, voting rights and holdings of financial instruments that grant the option to acquire shares to directors, significant shareholders and executives. Communications received in the CNMV the day the file is generated in any format available for such notification.

Data is available in zipped format with the name BME\_CNMV\_DVYYYYMMDD.ZIP where: YYYYMMDD is the reference date of the data.

Once unzipped, an XML file is available with the contents described in annexes 1 and 2 of this document. One daily zipped file with the communications related to voting rights in T-1: for example: BME\_CNMV\_DV\_20100924.zip with the XML format file with the information: for example: BME\_CNMV\_DV\_20100924.xml

### 3.7 ISIN.

File containing the additions and withdrawals made during the day in the database of financial instruments of the Spanish National Agency of Securities Codification.

The data is available in zipped format with the name BME\_CNMV\_ISINYYYYMMDD.ZIP where: YYYYMMDD is the reference date of the data.

Once unzipped, a XML file is available whose contents are described in Annexes 1 and 2 of this document.

One daily zipped file related to the ISIN in T-1: for example: BME\_CNMV\_ISIN\_20100924.zip with a XML file with the information: for example: BME\_CNMV\_ISIN\_20100924.xml

The registers contain data on the financial instruments codified by the Spanish National Agency for the Codification of Securities. The structure of each register depends on the type of instrument, considering the following types:

- Fixed income.
- Equities.
- Rights, warrants and certificates.
- Investment funds
- Options.
- Futures.
- Currencies, underlying securities and other financial instruments with code.

#### 4.3.4 VOTING RIGHTS AND FINANCIAL INSTRUMENTS

Voting rights and financial instruments. This file contains two types of information:

Final position of treasury stock and directors and significant shareholders in the listed companies at the date of the file creation. In the final position a distinction is made between voting rights and the financial instruments that grant the option to acquire shares.

Communications received by the CNMV, at the date the file is created, following any notification model:

The communication register is made up of a main body and an annex that depends on the model used in the communication:

- Annex I – Notification model for voting rights attributable to shares in listed companies for persons obliged that do not hold the position of Director of the issuer
- Annex II – Notification model for financial instruments linked to shares of listed companies for persons obliged that do not hold the position of Director of the issuer.
- Annex III – Notification model for voting rights attributable to shares and other transactions on listed companies' shares. Model for Directors.

- Annex IV – Notification model for transactions on financial instruments linked to shares of listed companies. Model for Directors.
- Annex V – Notification model for transactions on shares and other financial instruments linked to shares of listed companies. Model for executives, not directors.
- Annex VI – Notification model for transactions made with own shares.

#### 4.3.4.1 FINAL POSITION

Final position of treasury stock and directors and significant shareholders of all the listed companies as from the date the file is created. In the final position a distinction is made between voting rights and financial instruments that grant the option to acquire shares.
